& Safety Engineering

1081 Budapest, Népszínház u. 8.

Ground Floor 45.

Date:

14th of December 2021.

Time:

10:00 am.

Conference Language:

English

Aim of Conference:

To give chance to students, to present their papers in the field of mechatronic engineering systems.

This is the 10th year from starting the Mechatronic Course at the Bánki Donát Faculty of Óbuda University in English language. During these 10 years a talented international student-team evolved, composed of students from most diverse nations.

This micro-conference gives great opportunity to students, active in mechatronic engineering, to get to know each other and improve their engineering's skills.

This year we are planning to create a "video-bridge" between the PFK (Pomorski Fakultet Kotor – Maritime Faculty of Kotor)

General Program:

1. Opening session: introduction of special guests-sponsors and guest lectures.
2. The students present their papers in 10-15 minutes +5 minutes discussion.

Approximately, after each 4-5th presentation a coffee break will be held for refreshing.
